## DISCOVER THE PORTER MACHINE DIFFERENCE!

For over 25 years, Porter Machine Incorporated has been a highly recognized supplier of contract machining services to customers throughout the Northeast. We serve a variety of industries including aerospace, construction, fire safety, printing, oil refinery and flow equipment. Our reputation for quality products and reliable service has introduced us to many new and exciting markets in all types of scientific and industrial pursuits.

As a progressive company, we have invested in industry leading standards and technology. Porter Machine has been ISO 9001:2008 certified since 2012 to help ensure that customers get consistent, high quality products and services. Our facility is equipped with Exact JobBOSS® Shop Management; a single integrated shop floor control solution that offers complete visibility, access, and job control. Our engineering department utilizes Solidworks® 3D CAD software together with iMachining® to provide accurate and timely response to customer requirements.

The experienced team at Porter Machine is prepared to address the needs of your organization. We will diligently provide your company, whether large or small, with excellent service, quality products and the lowest possible prices.

### CNC Turning Centers

#### Mori Seiki ZL-200 4-Axis Control

Machining Diameter – 15.3"

Thru Spindle Diameter – 2.5"

#### Mori Seiki SL-200

Machining Diameter – 8.23"

Thru Spindle Diameter – 2.5"

#### Mori Seiki CL-25B

Machining Diameter – 17.7"

Thru Spindle Diameter – 3.5"

#### Mori Seiki CL-200B

Machining Diameter – 7.9"

Thru Spindle Diameter – 2.5"

#### Mori Seiki SL-25-1000

Machining Diameter – 15.0"

Thru Spindle Diameter – 2.75"

#### Mori Seiki SL-25-500

Machining Diameter – 15.0"

Thru Spindle Diameter – 2.625"

#### Eurotech 735SLY

Dual Spindle Single Turret 6 axis

Machining Diameter - 12.6"

Thru Spindle Diameter 2.76"

### Software

Solidworks 3D CAD

SolidCAM with imachining 3D

Exact Software JobBOSS

Control Point Vending Machine for tooling

### CNC Vertical Machining Centers

#### Fanuc Alpha T-10C Robodrill

X – Y – Z Stroke 19.7" x 14.9" x 11.8"

#### Mori Seiki MV-40E

X – Y – Z Stroke 22.5" x 16.1" x 18.1"

#### Mori Seiki MV-40B

X – Y – Z Stroke 31.5" x 16.1" x 18.1"

#### Mori Seiki NVX 5000-100

X – Y – Z Stroke 41.33" x 20.86" x 20.07"

40hp w/ Coolant Thru

12,000 RPM Spindle - High Speed

#### (2) Sharp SV Series

X – Y – Z Stroke 40" x 20" x 20"

25hp Spindle Motor w/ Thru Spindle Coolant

15,000 RPM Spindle – High Speed

### Other Equipment

K O Lee Grinding Machine

Reid Surface Grinder

Brown & Sharpe 18x10 Micromaster  
Surface Grinder

Jones and Shipman 1311 ID/OD Grinder

Mastercut S-300HB Cutoff Saw

SUNNEN MBB-1600 Honing Machine

### Inspection Equipment

#### Brown & Sharpe MicroVal 454 1T

X – Y – Z Stroke 18" x 20" x 16"

#### Mitutoyo Model PH350 Optical Comparator

#### Brown & Sharpe Micro-Hite 600 Height Gage

#### Mantis Elite Vision Engineering Digital Cam With a 10x Magnification Lens
